**AN IMPORTANT NOTE ON TIPPING:**

Please note that gratuities are not included in your tour cost. They are customary, and their purpose is to encourage and reward quality service. Our tour conductors, local guide, drivers, hotel porters and other service personnel do their utmost to make your trip smooth and pleasant. Gratuities are a way of showing your appreciation and also constitute a large part of their monthly income. However, tips are NEVER mandatory.

Ritz Tours suggests tipping in the following manner (US dollars):

\$6 per person per day (except free day) – to be distributed between driver & guide

Most restaurants will add a 10% service charge to the bill, but if not, a 10% tip is customary. Tipping is not customary in any of the four countries but loose change is happily accepted.

Again, thank you for choosing Ritz Tours as your partner-in-travel. We are confident that your trip will be happy and rewarding. If you need further information, please contact your travel agent or Ritz Tours.

## Things to Know Before You Go

### **Travel Documentation**

U.S. Passport must be valid for at least 6 months from the return date of your trip. No visa is required for stays up to 30 days for Thailand, Malaysia and Singapore, and 180 days for Hong Kong. For non-U.S. citizen, please check with the appropriate embassy or consulate for requirements.

### **Health & Medical Matter**

No vaccinations are required for your trip with the exception of anyone traveling from or via an infected area. Due to the length of the trip and local traveling conditions, it is advised that you consult your doctor for existing medical / dental conditions before departure. If you are taking prescription medicine, please pack (in your hand luggage) a sufficient quantity for the duration of the trip. It may also be useful to bring aspirin, over-the-counter medicine for flu, indigestion, motion sickness, etc. In case of illness during the trip, please immediately notify your tour conductor and local guide for assistance. You can also contact the Center for Disease Control (C.D.C.) 404-639-3534 for updated information.

### **Electrical Requirement**

Electrical outlets are rated at 220 volts, 50 cycles per second so a converter is needed to operate a normal 110-volt American appliance. Electrical appliances will also require an adapter that can change the shape of the plug prongs.

### **Shopping**

Although local guides will be happy to assist you with any shopping requirements, Ritz Tours does not assume responsibility for any items purchased at shops while on tour. You are never required to purchase any items while on tour and thus must be responsible for your own purchases. Any after sales correspondence must be between the passenger and the shop in question.

### **Clothing**

Clothes should be light and loose; natural fibers or blends are best. Sunglasses are essential; light hats are advisable. Shorts are taboo for men and women at temples and mosques. Shoes must be removed upon entering temple buildings, so non-laced shoes (but not sandals without back straps) are best.

A sweater will be handy for cool season nights. Many visitors save luggage space by buying inexpensive vacation clothes both in Thailand and Hong Kong, leaving them behind when they return home.

### **Climate & Weather**

This area's tropical climate is hot and humid, but there are regional and seasonal temperature variations.

**Bangkok** enjoys three seasons: Hot & dry (March to mid-June; 80-95 °F), Rainy (June to Oct.; 75-90 °F), and Cool (Nov. to Feb; 65-90 °F). In Bangkok, the heaviest rains fall in September and city streets often flood in October and early November.

**Singapore:** Averages between 73 and 86 °F with November through January receiving more rain than usual.

**Kuala Lumpur:** Temperatures generally range between 84°F - 95°F during the day and 78°F – 84 °F at night. It may get colder after periods of heavy rainfall. Rainfall occurs mostly between October till March while May till July are generally the drier months. Humidity in the air lies around 80% so it is easy to sweat during the day while walking around.

**Hong Kong's** summers can reach up to 95 °F with humidity reaching close to 100%. The coldest time of year is between December to February where temperatures may fall to a mild 55 °F. Typhoons with strong winds may occasionally occur from May through October so pack a light waterproof jacket.
