5 Reasons You Need a Travel Protection Plan

1. You've invested a significant expense in your trip. If you have to cancel, you could lose that money.

Cancelling a trip is disappointing enough. You don't want to lose your entire trip investment on top of it. The Trip Cancellation benefit, for example, may cover you if you or a family member becomes ill or seriously injured before your trip, or if there's a death in the family. Other covered reasons include a natural disaster impacting your home or destination, a strike affecting your common carrier transport, terrorism in your destination, being laid off from your job, or if your travel provider (such as an airline) goes bankrupt. You can read all covered reasons for the Trip Cancellation benefit in the plan, including terms and conditions for each. For increased flexibility, you can upgrade your plan with the Cancel For Any Reason (CFAR)* option.

**CFAR is available for an additional cost if purchased within 14 days of the date your initial trip deposit is received. Other conditions apply. CFAR not available to residents of NY. Must cancel no later than 48 hours prior to your scheduled trip departure date. Read plan document for full details.*

2. Once you've departed on your trip, plans can still go wrong.

Unfortunately, baggage loss or damage is not uncommon. Neither are travel delays. Our plans can offer coverage for these scenarios. And if your trip is interrupted due to an unforeseen event, our plans may cover that too. *Read the plan document for benefits offered and full coverage details.*

3. Coverage is important in case you get sick or injured while away from home.

Did you know many primary health insurance plans provide little to no coverage outside the U.S.? Medicare often provides none. If you get sick or injured on your trip (including domestic travel), medical expense coverage is important, as medical care can be expensive. The Accident & Sickness Medical Expense benefit can reimburse you for covered medical expenses incurred on your trip.

The protection plan also includes coverage for Emergency Medical Evacuation for medically necessary transportation to the nearest hospital or appropriate facility, following a covered unforeseen sickness or injury that is acute, severe or life threatening, if adequate treatment is not available in your immediate area. *Read plan document for details on these benefits.*

4. The travel protection plan gives you access to global 24/7 assistance services (non-insurance).

Let's say your passport was lost or stolen at the airport. Or your prescription medications were left behind in a hotel. Or you twisted your ankle and need to find a doctor. Who do you call or where do you go for help? Your plan comes with access to 24/7 non-insurance Travel Assistance services, available at any time, from anywhere in the world. If you have a question during your trip or need assistance, you can call the numbers provided and speak to someone in your native language.

5. Peace of mind can help you enjoy your trip to the fullest.

Hopefully, your trip goes smoothly and as planned. But think of your non-refundable financial trip expenses. Would you want to protect your investment? And perhaps more importantly, think of the expenses you could incur if you become sick or injured while traveling and need emergency medical care or a medical evacuation. Having a travel protection plan in place can help make your trip more enjoyable and relaxing. And that's the whole point, right?
